TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Gilsum, in the County of Cheshire, in said state, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Gilsum on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see what action the town will take in regard to street lights and appropriate money for same.

4. To see what action the town will take in regard to snow removal and appropriate money for same.

5. To see what action the town will take in regard to oiling streets and appropriate money for same.

6. To see what action the town will take in regard to state aid construction and town roads and bridges and appropriate money for same.

7. To see what action the town will take in regard to town notes and appropriate money for same.

8. To see what action the town will take in regard to property acquired by tax collectors deed.

9. To see if the town will vote to accept reports of town officers.

10. To see if the town will vote to authorize selectmen to borrow money in anticipation of taxes.

11. To see if the town will vote to appoint a committee to look after the observance of Memorial day and appropriate money for same.

12. To see what action the town will take in regard to discount on taxes.

13. To see what action the town will take in regard to town officers salaries.

14. To see what action the town will take in regard to Sunday sports.

15. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and Thirty-five.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Gilsum :

I herewith submit my first report as superintendent of schools.

In the reorganization of supervisory unions the school district of Gilsum was transferred to Union No. 60.

In assuming the duties of superintendent in the Gilsum district, I appreciate the efficient work which has been done by my predecessor, Mr. Frederick Johnson.

ORGANIZATION AND ENROLLMENT

Because of a decrease in enrollment, the school in the Belvedere section was closed this year. The pupils from this section have been transported to the school at West Gilsum.

The two schools of the district are well organized and are working under capable teachers.

Work is being accomplished in accordance with the standards for the state. Standard tests are being given as a part of the program in supervision. The results of the tests will be tabulated for purposes of comparison. Remedial measures will be provided where deficiencies in fundamentals are apparent.

In the primary grades the importance of reading cannot be over estimated. In the new elementary program of studies developed by a committee of New Hampshire teachers and superintendents, it is recommended that formal instruction in reading should extend beyond Grade III. Training in silent reading as well as oral reading is emphasized. Through training in silent reading the pupils of the upper grades should be able to study independently and assimilate text material prepared for pupils of their age and grade. Certain processes in arithmetic that seem difficult for

young children are mastered with comparative ease by pupils whose minds have developed to a point where they can understand such problems.

HEALTH

Milk is being supplied to twenty-eight pupils in the Gilsum schools.

The school nurse is an invaluable factor in the school health program. She is in a position to have intimate knowledge of the health problems of the pupils and to make direct home contacts. In many schools she acts as health counsellor. Through personal visits to the homes she can give a clear idea to the parents of what the school health work is aiming at and can secure cooperation from them. Often she is called upon to make connections with state agencies, with local physicians, and with specialists in various forms of surgery. The object of any health plan for the schools is to prevent damage from mental or physical strain sufficient to produce illness and to tie up other activities with health education.

Aural examination, 1 pupil,	1 50
Amount not expended,	5 43
Total,	<hr/> \$48 43

An underweight clinic was held on May 5, 1934.

Forty-six school children were examined by Dr. R. B. Kerr of Manchester. Visits were made to the homes of those examined for the purpose of explaining to the parents what the examiner found and the treatment advised. They will be re-examined at some later date.

About seventy-five home and official visits were made by the school nurse for the purpose of following up the work which was done for the pupils.

The nurse reports that the parents were cooperative and glad to take advantage of the clinics for the correction of their children's defects.

Minor repairs have been made in each school as the need has arisen. At the West school the outside of the woodshed was painted. The walls of the schoolroom and blackboards were painted. The stove was moved to one side of the room and jacketed. The seats in the room were rearranged.

At the Village school the walls were painted and floors, oiled.

STATISTICAL REPORT 1933-1934

Total registration,	114
Average membership,	77.58
Percentage of attendance,	92.69
Cases of tardiness,	143
Visits by superintendent,	86
Visits by citizens and others,	243

Number of pupils not absent or tardy,	6
Half days schools were in session,	350

HONOR ROLL

Pupils not absent or tardy during the year :

Mildred Chamberlin	Clarence Parker
Lillian Thayer	Gladys Whipple
Amy Whipple	Margaret Whipple

The percentage of attendance is comparatively low and the number of cases of tardiness is excessive. Poor attendance is a serious school problem. Not only does it affect the progress of the children who are absent, but it limits the efficiency of the school work in general. It is a responsibility of the school to impress pupils with the importance of forming habits of promptness. I earnestly solicit the cooperation of parents in our efforts to improve the attendance record.

A study of the school statistics indicates that the school population of Gilsum varies greatly during the year. Seventeen of the one hundred and fourteen pupils registered during the year were previously enrolled in some other school of the state. Twenty-eight pupils left the schools of the district during the year. Many of the pupils in the above groups came from or are to be found in the schools of other districts of the union. The ill effects of such transfer to the pupils and to the schools may in some measure be overcome by uniformity in text books and instruction in the various districts of the supervisory union.

I wish to express appreciation of the generous cooperation received from the members of the school board, parents, teachers and pupils.

Respectfully submitted,
 CHARLES D. DALZELL,
 Superintendent of Schools.

SCHOOL WARRANT

To the inhabitants of the School district in the Town of Gilsum qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall, in said district on the 12th day of March 1935, at 2 o'clock in the afternoon, to act upon the following subjects:
